THE TIME OF MOSHIACH

ב"ה

THE DAY THAT IS ALL LONG

“May the Merciful One grant us the day that is all good, the day that is all long...” (Hagada (Ashkenaz), Talmud, Kidushin, 39b.)

The time of Moshiach is called “the day that is all long.” How are we to understand this cryptic expression? When G-d’s Essence will be revealed, both the world and mankind will endure forever. This means the era will perfect not only the future but also the past, elevating everything that happened throughout exile, and revealing the original purpose behind creation.

On a smaller scale, we, too, have the power to change our past. We must transform every aspect of our life, even our mistakes, into lessons and sources of inspiration.
