MOSHIACH: PERSON, TEACHER, AND KING

ב"ה

BUILDING MOSHIACH

Moshiach is a general soul that encompasses the entire Jewish People. The Jewish People are like a single body. Every Jew is a particular limb. Therefore, each Jew has a small part of Moshiach in his soul that he must complete and prepare. Only by combining all of these sparks can the full posture of Moshiach be complete.

(The Baal Shem Tov, Meor Einayim, Pinchas)

Through the spark of Moshiach that every Jew possesses in his soul, he can emulate Moshiach's perfection in some way. However, only by combining our efforts can the Redemption be complete. This is similar to the limbs of the body. Each limb is unique and serves a specific function. So too, each individual's efforts are unique and critical to bringing the Final Redemption, and no one's job can be completed by another.
