CELEBRATING MIRACLES

RAISING THE BAR

The splitting of the sea, the revelation at Mt. Sinai, and the miracles of the Holy Temple are all a taste of what we will experience in the time of Moshiach. This is comparable to a teacher who shows the students something that appears to be impossible and declares that, by the course's end, they will be able to accomplish this task. Thus, the first step in teaching is raising the bar of achievement. At the very least, the miracles that we've been promised during the era of Moshiach must challenge us to dream for the impossible, and then to make it into a reality.
