THE TIME OF MOSHIACH

ב"ה

A DIVISION REVEALING UNITY

*In the future, the Land of Israel will be divided by G-d. Therefore, the division of the Time to Come will not be like the division of this world. In this world, one man has a field, but he does not have an orchard. Another has an orchard but not a field. In the Time to Come, everyone will have all good things.
(Talmud, Bava Basra 122a.)*

Every person has a unique mission and portion of the world that he is meant to refine. Therefore, everyone is given different talents and blessings in order to accomplish his specific mission.

In the time of Moshiach, the refinement process will be complete. At that time, G-d's Essence, which transcends the limits of the world, will be revealed. Through this, we will discover the ultimate in unity—that we are all one.
