CHASSIDUS AND MOSHIACH

ב"ה

## GIVE IT EVERYTHING WE'VE GOT

Anyone who wishes to hasten the Redemption...must work with all of his strength and ability, and even more than his ability, to spread the wellsprings of the Baal Shem Tov, i.e., the teachings of Chassidus, along with its directives and mode of conduct. This must be done both in one's immediate surroundings and to the farthest reaches of the world. As Moshiach said, the wellsprings must be spread far out. Every single action in this regard draws the actual Redemption closer.
